THE 1958

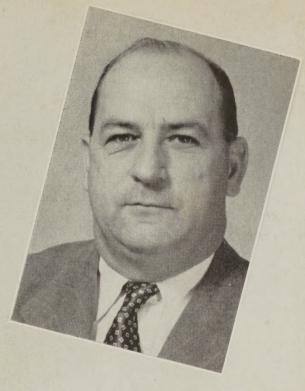

TORCH

FOREWORD

Henry Wadsworth Longfellow once called the record of man's upward climb "footprints on the sands of time." The Seniors of 1958 leave this record of their footprints at Honaker High School. They hope that in the far dim future these records will serve to make old friendships and associations real again. Today they hope to inspire each of you "to make his life sublime."

DEDICATION

"Lives of great men all reminds us." To the four teachers who have been in our school for the greatest number of years — to the four teachers whose classes have never been "crips"... To the four teachers whose instruction, guidance, and devotion have helped us to make significant "footprints on the sands of time" — Miss Lucy Robinson, '37, math; Mr. E. N. Busic, '40, agriculture; Mr. A. P. Baldwin, '43, principal; Mrs. Audie Miller, '43, American history — we respectfully and gratefully dedicate the 1958 Torch

HEADLINES OF THE CLASS OF '58

The Class of '58 is the largest senior class in the history of the school. The greatest percent of members plan to enter college in September. More boys than girls made the honor roll. Only one girl was elected a class officer. Five seniors, Sandra Sue Artrip, Nancy Rickman, Dolores Hale, Joe Dye, and Eldridge Busic, made the All-County Basketball Team. Bobby Smith has won a scholarship to Richmond College. Seniors do not know the date for their graduation, banquet, or class day.

The school flag was a gift of the class of 1957. Ruth Davis '57 (not pictured), Jerry Miller '58. Margaret Wilson '59, Mary McReynolds '59, Robert Payne Boyd '58, and Eldridge Busic '58, worked on the committee with sponsor, Miss Mary Sue Fuller, to secure the flag. The plan and interpretation of the meaning of the flag was presented by Mrs. E. N. Busic; Miss Nancy Stinson drew the design. The

colors of the flag are green, gold, and purple on a background of white, which represents purity of thought and purpose. The emblem is a circle, symbolic of the never ending process of learning. In the center of the circle is a torch representing light, knowledge and life — the God-given abilities and potentalities of each individual child. Surrounding the torch is a background of green which means youth and hope. Stars represent service. The number of stars is symbolic of the four-fold purpose of the school: the development of the physical, the mental, the social, and the moral characteristics of the child. The hand holding the torch represents the endurance, patience, and strength of the teachers who guide and counsel the child. The gold is symbolic of honor, loyalty, and persistence. The golden pool from which the hand extends represents all the contributing factors to the education of the child, mamely: the state and local government, the influence of the home and church, the school administration and other agencies that contribute to the physical well being of youth. The circle is bound by two bands, the first one of gold which re-emphasizes the persistence and loyalty of the pupil who remains in school. The outer band of purple represents rank and honor. The highest ranking person is the one who remains in school for twelve years and receives a diploma, the certification of his meeting all requirements necessary for graduation from a four year high school.
